Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Build teacher capability in explicit teaching and consolidations through coaching and feedback.
- Develop and implement a whole-of-school approach to provide continuum of literacy and numeracy support with personalised teaching, differentiation and intervention that meets the needs of all students.
- Principal and staff review, refine and embed the whole-school reading program.
- Provide specialised support and teaching to P-3 students in Literacy and Numeracy on a daily basis.
- Focus Learning Support on students who are at risk of not meeting NMS in literacy and numeracy.
- Invest more teacher aide time into the P-3 classroom.
- Develop ILP for students 'at risk' of not achieving NMS.
- Implement FNQ Numeracy assessment tool at the end of each Term to inform teaching and measure progress.
